- a) The most recent cohort default rate as calculated by the Department of Education is 0%;
- b) 0% of New England Hair Academy students defaulted on, or failed to repay, their loans during the period, 2018 to 2020, which are the years covered in the federal cohort default rate used to calculate the loan nonpayment rate.
- b) New England Hair Academy does not have loan nonpayment statistics for 3rd party lenders.

- 31.05(4)(b)(1) Placement Rates. This rate is defined by the number of students who obtained full time (at least 32 hours per week) and non-temporary employment in the field of study during the latest two calendar years (2021-2022) for which the school has obtained verification, divided by the number of all students graduating from the program during the latest two calendar years. This rate is determined within 180 days from the end of the calendar year.

*Please note, this rate is calculated differently than the placement rates that are required to be disclosed by our accrediting agency (ACCSC) or by the Federal Gainful Employment disclosure. New England Hair Academy does not track how many hours a graduate works per week as some may be independent contractors or work part time in the industry. The percentages below do not reflect a true placement rate for the academy.
